College of Nursing

Pondicherry Institute of Medical Sciences

The Development of Pondicherry Institute of Medical Sciences project got off to a grand start when the former Home Minister and the former Deputy Prime Minister Shri. L.K. Advani laid the foundation stone for the hospital and college buildings on 12th July 2000.

PIMS is located 12 Kms from Puducherry on the East Coast Road with 32.89 acres of land. The campus houses a 648 bedded teaching hospital along with the various support and ancillary facilities required and has a built up area of nearly 7.5 lakhs square feet. The Hospital units started functioning in October 2001 after the inauguration of the Emergency Block in March 2001 by the former Chief Minister of Pondicherry, Thiru. P. Shanmugam.

About us

College of Nursing, Pondicherry Institute of Medical Sciences is the unit of Madras Medical Mission. The main aim of this institution is to inculcate the highest professional skills and to prepare students to work at the national and international level.

Establishment

College of Nursing, Pondicherry Institute of Medical Sciences was established in the year 2004 with permission from the Government of Puducherry – No.17015/1/HS/2001 dated 28.05.04 for annual intake of 60 seats and increased to 100 seats. College of Nursing is recognized by Indian Nursing council (File No.18 - 33/1678-INC dated 26.10.04) and Tamil Nadu Nurses and Midwives Council, Tamil Nadu. It is affiliated to Pondicherry University.

Vision

The vision of Pondicherry Institute of Medical Sciences is to serve the community through holistic health services and an excellent system of education where we follow the defining principles of ethics, excellence, care and research, in line with our motto “To reach the unreached”.

Mission

Our Mission is to provide excellent health services to the community. Provide quality education to our students to make them holistic health care providers, who will practice their profession with ethics, empathy, compassion & excellence. Educate the community around us on how to prevent diseases and improve their quality of life with the available resources. Conduct excellent, ethical research which helps in enhancing the knowledge of diseases, its treatment and prevention.

We will achieve excellence in holistic care, education and research within the frame work of Christian ethical values.

Motto: “Learn with Dignity and Serve with Loyalty”

Philosophy

- The faculty of the College of Nursing affirms that the basic course of nursing is a genuine pursuit based on sound educational principles on which the practice of nursing is built.
- We acknowledge the importance of selecting candidates with good aptitude and with right motivation towards the profession.
- We accept our responsibility of enabling the students physically, intellectually, spiritually, socially and emotionally for the attainment of optimum health of the individual, family and of the entire society for which a harmonious group living is essential.
- We believe in providing opportunities to develop leadership qualities and to foster a sense of responsibility.
- We also recognize our responsibility in helping the student to develop self esteem in his/her profession and to keep in pace with the rapid development in the profession.
- We initiate in motivating enthusiastic and talented students in their ongoing education.
- We commit ourselves in upholding the genuine values in health care and to maintain the highest in nursing profession.
